## Holiday Season Safety

The 6th Area Support Group Commander, Col. Gwendolyn Bonéy-Harris, has issued a memorandum encouraging community members to be fully prepared for the increased risks that come during the holiday season. She said, "Our efforts must be focused on ensuring the safety and welfare of every service member, civilian and family member in our community. As the commander and senior safety officer, I urge everyone to help me in achieving the goal of no loss of life over the holiday period from Thanksgiving through New Year's Day." She noted there will be increased accident prevention efforts, such as holiday safety/fire messages, the "Click it or Ticket" and "Booze it and Lose it" campaigns and the safe ride home program. Safety in the home should also be taken very seriously, including the proper placement of Christmas trees and decorations, safe electrical equipment and cords, as well as safeguarding matches, lighters and candles. Bonéy-Harris concluded, "Holiday safety cannot be understated. Be alert and aware. I wish you all a happy and safe holiday season."

### ***Take Note Of Holiday Safety Warnings***

Cooking fires are the number one cause of home fires in military quarters. They are responsible for the death of hundreds and the injury to thousands annually. Supervise all kitchen activities and never leave cooking unattended.

Home heating equipment fires are the second leading cause of home fires and related deaths. Properly maintain heating equipment and use supplemental heating appliances such as portable and space heaters, fireplaces and wood-burning stoves with extreme caution. Remember, these types of devices are prohibited from use in all U.S. government facilities.

Smoke detectors save lives. U.S. Army Family Housing units have hard-wired smoke detectors installed, but for those living off post, the investment in smoke detectors is an absolute necessity. For more info call the 6th Area Support Group Safety Office at 421-2752/civ. 0711-729-2752.
